

One day International Webinar on " Revisiting Yoga: The traditional practice towards physical and mental well-being" on 16.06.2021**Report on the International Webinar on “Revisiting ‘Yoga’: The Traditional Practice towards Physical and Mental Well-being” organized by the Internal Quality Assurance Cell (IQAC), ABN Seal College, Cooch Behar on 21.6. 2021****Objectives of The Seminar :**

Yoga is an ancient practice of holistic approach of healing that can help people in maintaining good overall health and wellbeing in ancient India. The main objective of the arrangement of this Seminar is to let people know the amazing health benefits of Yoga and to promote the sound physical and mental health by practicing Yoga. Nowadays, People may have to face several physical and mental diseases but they didn't aware of provision of the solutions of these problems through practicing Yoga. By regular practises, Yoga leads from protection of health to sustainable health development of our body and mind.

The Programme Schedule :

To Celebrate the International Yoga Day and to look back our rich heritage, The IQAC, ABN Seal College arranged an One Day International Webinar on “*Revisiting ‘Yoga’: The Traditional Practice towards Physical and Mental Well-being*” on the auspicious 21st of June, 2021 at 3 PM (IST). The Programme was consisted of two sessions, In the Opening Ceremony, after the commencement of the Webinar with the recitation of Vedic Chanting by Dr. Kalyan Panda, Assistant Professor in Sanskrit, ABN Seal College, President of the Organizing Committee & Principal, ABN Seal College Dr. Nilay Roy delivered welcome address with wonderful oration. Then the Secretary, Teachers’ Council Prof. Mrinalkanti Basak delivered some valuable words as his message. Two eminent personalities well connected with Yoga, Dr. Uday Sankar Roy, Department of Sports Science and Yoga, RKMVERI, Belur Math, Howrah and Mr. Snehangshu Mukhopadhyay, Instructor of Therapeutic Yoga, ALBOR Association, Barcelona, Spain were the invited speakers in the technical session. The Webinar was winded up with a vote of thanks in brief by the Convener, the Organizing Committee, Dr. Arijit Chakrabarty, the Co-ordinator, IQAC.

Excerpts from the Technical Session :**Lecture 1 : The Holistic Approach of Yoga in Stress Management # Dr. Uday Sankar Ray**

After initial disturbance due to some technical faults, we believe the session was very much successful and all the participants were enriched by the very informative speech by Dr. Ray. In modern life, none can avoid the stress and anxiety. Everyone should learn to live with these enormous pressure. Yoga is a mind-body practice, it combines physical poses, control breathing, meditation and relaxation. It may help reduce stress, reduce risk factor of heart disease, keep low blood pressure. It can enhance one's mood and overall sense of well-being. It may also help to manage the symptom of depression. Good food habit and practicing yoga may lead to improve body balance, flexibility, range of motion and strength. These were all the things which were called by Dr. Ray ‘the Holistic Approach’.

Lecture 2 : Hatha Yoga As Therapy # Mr. Snehangshu Mukhopadhyay

Mr. Mukhopadhyay delivered his speech alongwith some presentation of different poses and postures of ‘Hatha Yoga’, the Asanas, Mudras and Pranayam. It made the interactive session very interesting. Actually, Yoga has many styles, forms and intensities. Hatha is one of the most common styles of Yoga. Mukhopadhyay mentioned there are two different schools of Yoga Practices and thoughts, one is Northern and Western India and another is Southern India School. The beginners may like the slower pace and easier movements. Controlling breathing is an important part of yoga practices, it can help to keep the body healthy and quite the mind, may also help relieve symptoms of several chronic conditions, such as different body ache, COPD, asthma, artharitis, insomnia etc.

Number of Participations :

The number of Registered Participants : 149 (In House 107 , External 42)

No. of Teacher Participants : 52 (In House 27, External 25)

No. of Student Participants : 97 (In House 80, External 17)

Lit of Participants (few are given)

International webinar on "Introduction to Nanochemistry: Introduction and Challenges" during June 24-25, 2021

Department of Chemistry
A. B. N. Seal College

REPORT
on
Two Days International Webinar on “Introduction to Nano Chemistry: Applications and Challenges”

Department of Chemistry, A. B. N. Seal College, Cooch Behar has organized Two Days International Webinar on **“Introduction to Nano Chemistry: Applications and Challenges”** from June 24-25, 2021. The webinar was conducted in online mode via Google Meet from 03:00 pm (IST) onwards (Link: <https://meet.google.com/nhs-eirr-qqs>). The following resource persons were invited and two lectures on each day of the webinar were arranged.

1. Prof. Dilip Kumar Maiti, Department of Chemistry, University of Calcutta, Kolkata
2. Dr. Goutam Biswas, Assistant Professor, Department of Chemistry, Cooch Behar Panchanan Barma University, Cooch Behar
3. Dr. Abhishek Saha, Postdoctoral Fellow, Technion-Israel Institute of Technology, Israel
4. Dr. Debasmita Sardar, Assistant Professor, Department of Chemistry, Rabindra Mahavidyalaya, Hooghly

A total of **263** participants joined the webinar. Brief details of the participants are given below:

Nature of participants	In house	External
No. of teacher participants	18	56
No. of student participants	45	145 [Research Scholar -21 and Student - 124]

These eminent speakers have enriched the students massively by introducing them to the basics of ‘nano’ science and technology, discussing about the current scenario of how ‘nano’ has emerged as a highly explored area of research in different fields like from catalysis, medicine, drug delivery, technology etc. Development of different nanomaterials and their applications were one of the most engaging topics. Students have interacted with the speakers at the end of every session and our speakers have significantly satisfied the inquisitiveness of the listeners. These types of cutting edge topics undoubtedly enriched and encouraged the listeners specially the interested students for their future research work. Such lectures and interaction with some excellent speakers from various national and internationally reputed organizations will definitely open up scope for further expanding the knowledge and work exposure of the students.

Seats: 250 (First come, First Serve)
 Platform of Webinar: Google Meet
 Time: 3.00 P.M. (I.S.T.) onwards

RESOURCE PERSONS

 Prof. Dilip Kumar Maiti, Ph. D., <i>FRSC</i> Professor, Department of Chemistry, University of Calcutta, Kolkata- 700009, W.B., India	
 Dr. Goutam Biswas, Ph. D. Assistant Professor, Department of Chemistry, Cooch Behar Panchanan Barma University, Cooch Behar, W.B.- 736101, India	
 Dr. Abhishek Saha, Ph. D. Postdoctoral Fellow, Technion-Israel Institute of Technology, Haifa- 3200008, Israel	
 Dr. Debasmitta Sardar, Ph.D. Assistant Professor, Department of Chemistry, Rabindra Mahavidyalaya, Hooghly, W.B.- 712401, India	

E-Certificate will be sent to the registered Email id of the active participants within one week of submission of feedback form

PROGRAMME SCHEDULE

Day-1:

2:45 P.M. to 3:00 P.M. : Joining of participants
 3:00 P.M. to 3:05 P.M. : Welcome address by **Dr. Srijit Das**, Convener, Organizing Committee
 3:05 P.M. to 3:10 P.M. : Message from Patron: **Dr. Nilay Ray**, Principal, A. B. N. Seal College

Technical Session- I: **Chairperson- Dr. Gobinda Chandra De**, Associate Professor, Department of Chemistry, Cooch Behar Panchanan Barma University, Cooch Behar, W.B., India

3:10 P.M. to 3:15 P.M. : Introduction of Resource person- I
 3:15 P.M. to 4:15 P.M. : **Lecture- I : Speaker Prof. Dilip Kumar Maiti**, Ph.D., *FRSC*, Professor, Department of Chemistry, University of Calcutta
 4:15 P.M. to 4:30 P.M. : Interactive session
 4:30 P.M. to 4:35 P.M. : Introduction of Resource person- II
 4:35 P.M. to 5:35 P.M. : **Lecture- II : Speaker Dr. Goutam Biswas**, Ph. D., Assistant Professor, Department of Chemistry, Cooch Behar Panchanan Barma University
 5:35 P.M. to 5:50 P.M. : Interactive session

Day-2:

2:45 P.M. to 3:00 P.M. : Joining of participants
 3:00 P.M. to 3:05 P.M. : Welcome of participants and Resource persons

Technical Session-II: **Chairperson- Dr. Shubhamoy Chowdhury**, Professor, Department of Chemistry, University of Gour Banga, Malda, W.B., India

3:05 P.M. to 3:10 P.M. : Introduction of Resource person- I
 3:10 P.M. to 4:10 P.M. : **Lecture- I : Speaker Dr. Abhishek Saha**, Ph. D. Postdoctoral Fellow, Technion- Israel Institute of Technology
 4:10 P.M. to 4:25 P.M. : Interactive session
 4:25 P.M. to 4:30 P.M. : Introduction of Resource person- II
 4:30 P.M. to 5:30 P.M. : **Lecture- II : Speaker Dr. Debasmitta Sardar**, Ph.D., Assistant Professor, Department of Chemistry, Rabindra Mahavidyalaya
 5:30 P.M. to 5:45 P.M. : Interactive session
 5:45 P.M. to 5:50 P.M. : Vote of thanks by **Dr. Arijit Chakraborty**, Associate Professor, Department of Chemistry, A. B. N. Seal College

ORGANIZING COMMITTEE

Webinar on "The Antiquities of North Bengal 21.06.2021"

Report On Webinar
"Antiquities of North Bengal"

Organized by PG Department of History, A.B.N Seal College, Cooch Behar

The PG Department of History has organized webinar on "Antiquities of North Bengal" on 10.06.2021, at 3:30 PM onwards, through the Google meet platform. The event aimed to shed light on the rich cultural and historical heritage of North Bengal, focusing on its antiquities, archaeological treasures, and their significance. The webinar began with a welcome address by the Head of the Department and was followed by an inaugural address by the Respected Principal of the College. The lecture in this webinar was given by **Sri Pratap Kumar Naik**, Assistant Superintending Archaeologist Konark Archaeological Museum, ASI and **Dr. Malaysankar Bhattacharya**, Former Curator, Maldah Museum, Editor: The Historical Review, A Biannual Journal of History & Archaeology. Sri Pratap Kumar Naik delivered a lecture on the topic "Archeological Sites of North Bengal with Special Reference to Bangarh and Gosanimari". He provided a comprehensive overview of the historical background of North Bengal, highlighted notable archaeological sites, artefacts and the role of antiquities in reconstructing the region's past.

Dr. Malaysankar Bhattacharya, delivered a lecture on the topic "Antiquities of North Bengal: An Overview". He gave an overview of the region's historical significance and the importance of preserving its antiquities. He highlighted the archaeological sites, artefacts, and monuments that hold valuable clues about the history of North Bengal.

The insights shared by the speakers were enriching, and the event successfully highlighted the importance of preserving and understanding the antiquities of North Bengal. Following the presentations, there was a lively question and answer session. Participants had the opportunity to engage with the experts and seek clarifications on various topics related to the antiquities of North Bengal. A total of 205 student participants were present in the webinar.

Programme Schedule One day National Webinar On THE ANTIQUITIES OF NORTH BENGAL Organized by P.G Department of History Acharya Brojendra Nath Seal College Cooch Behar, West Bengal, India- 736101 (Date June 10, 2021 Time: 3.30-6.30PM)

Webinar on "Counselling Ethics" on 05.05.2021**1.E-LECTURE(ONLINE MEMORIAL LECTURE),2020-2021**

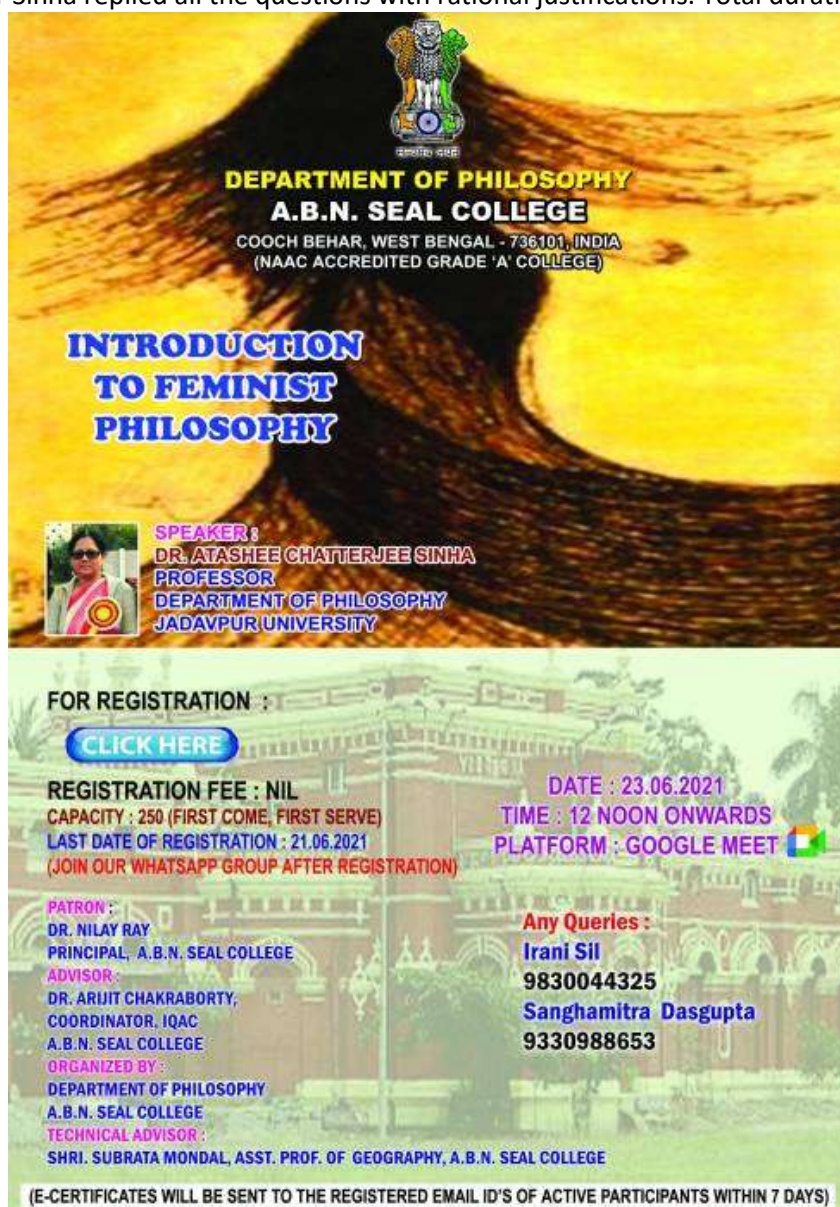

A)Department of Philosophy organised an online Special Lecture on 5th May, 2021 from 1pm. The deliberation was on "Counselling Ethics". Dr.Somdatta Bhattacharyya, Associate Professor, Department of Philosophy, Coochbehar Panchanan Barma University discussed on the same. Firstly, She elaborately explained the concept of Ethics, its nature and scope. Then her presentation encompassed the definition of Counselling, its area and characteristics, qualities of counselors, difference between Psychiatrist and Psychotherapist or counselor and how some major ethical issues are intimately concerned with the process of counselling. All the participants were highly enlightened by her deliberation. 80 students and 5 faculty members attended and six from the students asked very relevant questions on the concept of Ethics involved in Counselling. Total duration of the deliberation was 2 hours.

Webinar on "Webinar on "Introduction to Feminist Philosophy" on 23.06.2021

B) A Special Lecture on virtual mode was organised by the Department of Philosophy on 23rd June, 2021 from 12 Noon. The presentation was on "An Introduction to Feminist Philosophy" by Dr. Atashee Chatterjee Sinha, Professor, Department of Philosophy, Jadavpur University.

Her deliberation involved the philosophy of Feminism and its background, Sex-Gender Divide, Discrimination and the issue of Patriarchy. Then she elaborately explained Liberal and Radical views of Feminism and the Women Empowerment on the present context. Eco-feminism, Women in workplace and transgender Human Rights were critically evaluated in her presentation. There was a new reflection on the philosophy of Feminism and all those who attended the lecture were really enlightened by the insightful comments and analysis of Dr. Sinha. 165 students and 35 teachers from various academic institutions participated and a remarkable number of logical queries came from the listeners. Professor Sinha replied all the questions with rational justifications. Total duration was 3 hours.

Three days online lecture series on "Natyashastre Rasatattvam" during 02.09.2020–04.09.2020

**REPORT : THREE-DAY
ONLINE LECTURE SERIES
on
Natyashastre Rasatattvam**

**PG Department of Sanskrit A.B.N. Seal
College, Cooch Behar**

DATE: 02.09.2020 to 04.09.2020

PG Department of Sanskrit
A.B.N.Seal College, Cooch Behar
REPORT ON THREE- DAY ONLINE LECTURE SERIES
TOPIC: *Natyashastre Rasatattvam*

DATE: **02.09.2020 to 04.09.2020**

SPEAKER: **Dr. Gopal Chandra Misra,**
 Professor, Department of Sanskrit,
 Rabindra Bharati, Kolkata, W.B. &
 Former Vice-Chancellor, University of Gaur Banga, Malda, West Bengal

A Three-Day Online Lecture Series titled as *Natyashastre Rasatattvam* was organised from **02.09.2020 to 04.09.2020** by the Post Graduate Department of Sanskrit, A.B.N.Seal College to discuss the *Rasa* theory according to Bharata's *Natyashastra*, the ancient encyclopaedic treatise related to Indian Poetics and dramaturgy. The magnum opus describes the relationship between performers and audience through *Rasa* and *Bhava*. The book being one of the inevitable texts of Indian dramaturgy is included in the syllabus of the Post-Graduate course. Therefore, to extend the concepts related to the *Rasa* theory of *Natyashastra*, the lecture series was conducted by the department.

The eminent professor **Dr. Gopal Chandra Mishra, Professor, Department of Sanskrit, Rabindra-Bharati, Kolkata, West Bengal and Former Vice-Chancellor, University of Gaur Banga, Malda, West Bengal** was invited as the Invitee professor for the said Online Lecture Series. It was the matter of great pleasure that Professor Misra, who is the great scholar of Indian Poetics, Aesthetics and literary criticism had accepted the invitation to deliver the lecture. Professor Mishra has authored the books titled as 'Some Aspects of Sanskrit Literary Criticism', '*Sanskritasahitya-samalochana: Bibidha Prasanga*' etc. He has written a number of research articles and edited journals.

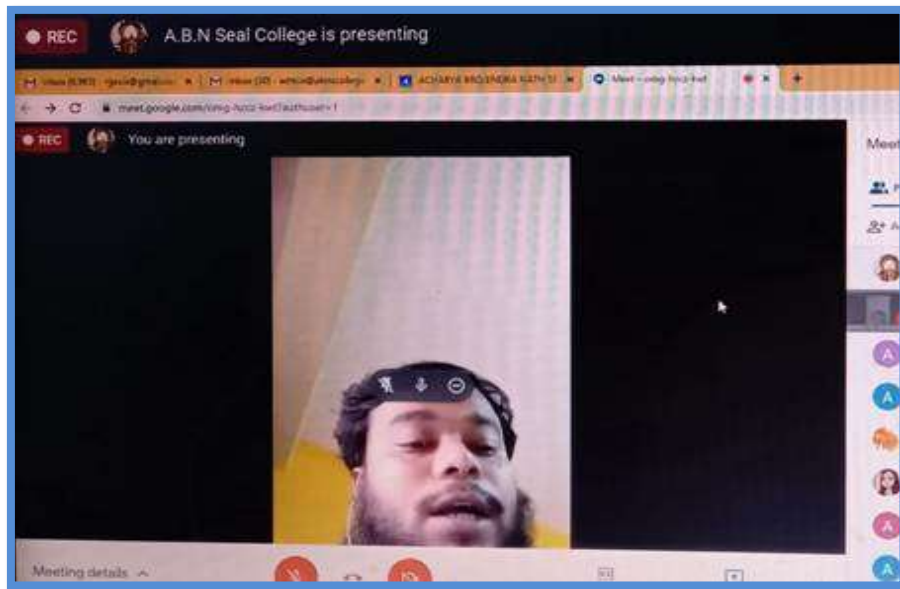

Flyer of the Online Lecture Series

During the pandemic situation of COVID-19 the regular face to face teaching-learning process was disturbed and stopped. Primarily the situation was appeared as a challenge for continuing the academic process. But the offline mode of education has turned into online mode to overcome the situation. The PG Department of Sanskrit, A.B.N. Seal College has also taken the challenge to continue the teaching-learning procedure through this alternative way of interaction. Apart from its regular teaching process, the department has organized successfully online lecture series and webinars during the academic session 2020-21 to enrich the academic insight of the students. This lecture series was the first initiative among the online lectures and webinars organised by the department.

The Lecture series was organized in online mode and the platform was Google Meet (<https://meet.google.com/omg-hzcz-kwt>). The technical measurement for this lecture series was taken by the college authority. The technical assistance for the smooth running of this lecture series was continuously given by the esteemed faculty members Mr. Rahul Gazi, Assistant Professor, Department of Sanskrit and Mr. Subrata Mandal, Assistant Professor, Department of Geography.

The programme was inaugurated on 2nd September, 2020 at 4:00p.m. The duration of the lectures was one hour in the aforesaid each three days. Each lecture was followed by an interesting interactive session. Total number of participants was one hundred sixty-two. The presence of Honourable Officer-in-Charge, Coordinator of IQAC, has made the event graceful. All the faculty members of Sanskrit department, esteemed faculties from the other departments of our college, present and former students of the department, esteemed faculties and students from the other colleges and Universities attended and actively participated in the three days programme. A total of 162 participants (including 156 student participants) were present in the lecture.

The programme was inaugurated with a brief introduction and *Mangalacharana verses* by the faculty member Dr. Kalyan Panda. Departmental student Sagarika Sarkar sung *Saraswati stotra*. Then respected Officer-in-Charge Sir addressed the welcome note on behalf of the college. He discussed the necessity and objective of this online lecture series also. The departmental faculty member Sri Durbadal Mandal introduced the speaker of the lecture series. After introducing, Professor Misra delivered his invaluable lecture in a very lucid manner. The thorough discussion on Rasa theory according to *Natyashastra* gave a deep insight to this very significant topic. The programme was concluded on 4th September, 2020 with vote of thanks.

REPORT ON THREE DAYS ONLINE LECTURE SERIES

TOPIC: *Rasagangadhare Kavyalakshanavimarshah*

DATE: 06.09.2020 to 08.09.2020

SPEAKER: Dr. Arun Ranjan Mishra,

Professor and Former Head,

Department of Sanskrit, Pali & Prakrit

Bhasa-Bhavan , Visva-Bharati ,

Santiniketan, West Bengal.

A Three-Day Online Lecture Series titled as *Rasagangadhare Kavyalakshanavimarshah* was arranged by the Post Graduate Department of Sanskrit, A.B.N.Seal College to discuss some significant portion of the authoritative book of Indian Poetics and aesthetics, *Rasagangadhara*, written by the logician, rhetorician, poet *Panditaraja Jagannatha*. In this masterpiece of Indian poetics the author reviewed and reappraised the various theories related to poetics, especially to Rasa theory. He had adopted the techniques of new logic in the whole concept. The book being one of the most advanced treaties of Indian poetics is included in the syllabus of the Post-Graduate course. Therefore, to make wider the concepts related to *Rasagangadhara*, the lecture series was organized by the department.

The eminent professor of international repute, **Dr. Arun Ranjan Mishra, Professor and Former Head, Department of Sanskrit, Pali & Prakrit, Bhasa-Bhavan , Visva-Bharati , Santiniketan, W.B.** was invited as the Invitee professor for the said Online Lecture Series held from 06.09.2020 to 08.09.2020. It is the matter of great pleasure that Professor Mishra, who is the great scholar of *Navya-Nyaya*, Indian Aesthetics as well as an eminent poet in the field of Modern Sanskrit had accepted the invitation to deliver the lecture and delivered his invaluable lecture. The thorough discussion by the esteemed speaker gave a deep insight to this very significant topic.

During the pandemic situation of COVID-19 the regular face to face teaching-learning process was disturbed and stopped. But the offline mode of education has turned into online mode to overcome the situation. The PG Department of Sanskrit, A.B.N. Seal College has also taken the challenge to continue the teaching-learning procedure through the alternative way of interaction. Apart from its regular teaching process, the department has organized successfully online lecture series and webinars during the academic session 2020-21 to enrich the academic insight of the students.

Flyer of the Online Lecture Series

The Lecture series was organized in online mode and the platform was Google Meet (<https://meet.google.com/omg-hzcz-kwt>). The programme was inaugurated on 6th September, 2020 at 3:00p.m. and continued up to 5:30 p.m. Total number of participants were one hundred twenty-seven. The presence of Honourable Officer-in-Charge, Coordinator of IQAC, has made the event graceful. All the faculty members of Sanskrit department, esteemed faculties from the other departments of our college, present and former students of the department, esteemed faculties and students from the other colleges and Universities attended and actively participated in the three days programme.

The programme was inaugurated with a brief introduction and *Mangalacharana shlokas* by the faculty member Dr. Kalyan Panda. The significance of this online lecture series was focused by him. Then respected Officer-in-Charge Sir addressed the welcome note on behalf of the college. He discussed the necessity of this online lecture series also. The departmental faculty Smt. Runa Debnath Sarkar introduced Professor Dr. Arun Ranjan Mishra, the speaker of the lecture series. The lecture was started on 7th and 8th September, 2020 from 10:00 a.m. At the end of three days academic journey the vote of thanks was given by the Head of the department, Dr. Amrita Ghosh. The technical assistance for the smooth running and successful completion of this lecture series was continuously given by the esteemed faculty members Mr. Rahul Gazi, Assistant Professor, Department of Sanskrit and Mr. Subrata Mandal, Assistant Professor, Department of Geography.

The main objective of this lecture series was to explain, analyse and simplify the complex matter of *Rasagangadhara*. The speaker had shared his profound knowledge about Indian Poetics along with *Nyaya shastra*. The listeners enjoyed the whole lecture series and attained ample of knowledge in this sphere. The lecture was

followed by an active interactive session. It was a great experience to the participants especially to our students. Total participants were 120, including 115 student participants.

Distinguished Speaker Prof. Arun Ranjan Mishra in the Inaugural Session of the lecture series

FLYER OF ONE DAY STATE LEVEL WEBINAR

A One Day State Level Webinar titled as *Tarkasamgrahasya Kinchidduruhashtalapariskarah* was arranged by the Post Graduate Department of Sanskrit, A.B.N.Seal College on 25.06.2021 to critically analyse and decipher the text *Tarkasamgraha*, an inevitable basic text of *Nyaya-Vaisheshika* system of Indian philosophy. It is studied in traditional

as well as modern higher educational institutions of India. The intense study of this text helps to understand and access all streams of Indian knowledge system. The methodical study of this text also provides the analytical power to the aspirants of Indian philosophy. Therefore, to make wider the concepts and overcome the difficulties related to the text *Tarkasamgraha*, the webinar was organized by the department especially for the students and scholars of Sanskrit and Philosophy.

The distinguished young professor **Dr. Shaikh Sabir Ali, Assistant Professor, Department of Sanskrit, West Bengal State University, Barasat, North 24 Parganas, West Bengal** was invited as the esteemed speaker of this webinar. He is a renowned scholar and popular teacher in the contemporary field of Sanskrit. The area of his teaching and research interest is Nyaya-Vaisheshika and other schools of Indian Philosophy as well as Grammar and literature. He edited and authored the books like "*Vaisheshika-Sutropaskarah*", "*Nyayasutravritti*" etc.

The patron of the webinar was Dr. Nilay Ray, Principal, A.B.N. Seal College and the Advisors were Dr. Arijit Chakraborty, Coordinator, IQAC and Sri Mrinal Kanti Basak, Secretary, Teachers' Council, A.B.N. Seal College. The convenor of this webinar was Dr. Amrita Ghosh, Assistant Professor and Head of the Department, PG Department of Sanskrit and the Organizing Secretary was Dr. Kalyan Panda, Assistant Professor, PG Department of Sanskrit. All the other faculty members as the members of the webinar also took part actively for organizing and successful completion of the webinar. Sri Subrata Mandal, Assistant Professor, Department of Geography as the System Adviser has successfully organized and operated the technical system of the webinar.

The Memorial Lecture was organized in online mode and the platform for first 250 participants was Google Meet (<https://meet.google.com/nqa-rkpj-dss>). Whole programme was streamed in You Tube also for the other enthusiastic listeners. The programme started at 10:00 A.M. and continued up to 12:30 P.M. Total number of participants were three hundred eleven. The presence of Honourable Principal Sir, Coordinator of IQAC, and Secretary of Teachers' Council has made the event graceful. All the faculty members of Sanskrit department, esteemed faculties from the other departments of our college, present and former students of the department, faculties and students from the other colleges and universities attended and actively participated in the programme.

The programme was inaugurated with a brief welcome address by the faculty member Sri Arup Das. The significance of the topic of the webinar was focused by him. It was followed by *mangalacharan slokas* performed by the departmental student Baidik Gupta. Then Principal Sir addressed the welcome note on behalf of the college. Convenor of this webinar Dr. Amrita Ghosh introduced Dr. Shaikh Sabir Ali, the speaker of the webinar. Then, Dr. Ali delivered his insightful lecture titled '*Tarkasamgrahasya Kinchidduruhashthalapariskarah*'. He discussed and explained various problems related to the topics like salutation, substances (dravya), cause-effect theory, perception, inference etc. with the context of different commentaries of *Tarkasamgraha*. He shared also his own perspective related to those topics. All the topics were discussed in this lecture through descriptive explanation. The lecture was followed by an active interactive session. The programme was concluded around 12:30 p.m. with Vote of

Thanks by Dr. Kalyan Panda, the organizing secretary of the webinar. Total participants were 311, including 300 student participants.

Two days national level webinar on "COVID-19: Challenges for Management of Mental Health and Risk Factors" during 19.06.2021-20.06.2021

**Report on Two-Day National Level Webinar on the theme:
"COVID-19: Challenges for Management of Mental Health and Risk Factors" held on
19. 06. 2021 (2.30 P. M. to 6.00 P. M.) and 20. 06. 2021 (2.55 P. M. to 5.35 P. M.)
organised by the Post Graduate Department of Zoology, Acharya Brojendra Nath Seal
College, Cooch Behar, West Bengal in Collaboration with the M. J. N. Medical College
and Hospital (Department of Health and Family Welfare, Government of West Bengal)**

1. About the Institution and the Department:

Acharya Brojendra Nath Seal College, Cooch Behar, erstwhile Victoria College, began its voyage in the year 1888, with a noble motive of providing education to interested learners from nooks and corners of North Bengal and Far East and since then is carrying its own legacy with its head held high.

The Post Graduate Department of Zoology of the renowned Institution has its own progressive and time travelling evolutionary history. The Department was founded in 1982 when it had only the Pass Course curriculum at its nascent stage. Afterwards, in 1986, the Department was uplifted by the introduction of the Honours course and thereafter it was in the year 2006 when the Post Graduate course of Zoology was initiated. Needless to say, the way the teachers, the support staff and the students of the Department consider it as their extended family, is enough to take the Department on its successive journey in years to come.

2. Background:

The department has always remained receptive of the academic requirements of the students and the community and thereby organized several seminars and conferences in the past with a motto of fulfilling the pedagogic thirst. Likewise, keeping in mind the then COVID-19 pandemic situation which has not only brought about unrest in the entire human civilization but, also taught people to lead life in a way which perhaps people never imagined in the craziest of their dreams, it was felt that life indeed needs to be redefined.

3. Objectives:

The Post Graduate Department of Zoology once again has taken up the initiative of organizing two-day national level webinar in collaboration with Maharaja Jitendra Narayan Medical College and Hospital, Cooch Behar, West Bengal. The theme of the webinar was "COVID-19: Challenges for Management of Mental Health and Risk Factors". The psychological well-being is somewhat a flexible concept, so that this branch of science keeps on explaining the various interpretations of the subjects.

As a discipline, biological psychology aims to explain experiences and behaviors based on how the brain and the rest of the central nervous system work. Indeed, psychological security is to do with people's feelings about daily life activities. Such feelings may range from negative mental stresses or psychological strains such as anxiety, depression, frustration, emotional exhaustion and dissatisfaction to a state which has been identified as positive mental health. The negative components are relatively easily estimated through self-report of anxiety, frustration. But, it is difficult to assess the positive components of well being. Mental health issues following the COVID-19 pandemic stem from normal people being exposed to extraordinary situations. Indeed, the mental health and psychosocial impacts of COVID-19 pandemic have been far reaching as also have there been myriad reflections of risk factors. We have noticed that both the mental and physical risk factors have been abruptly increased many times during the pandemic days.

In the COVID-19 context, to maintain enthusiasm and motivation in life, it was necessary that humans maintain a purposeful thinking and mindset. In today's challenging times, we all need to infuse enthusiasm and motivation in ourselves and people around us. We need to celebrate abundance of good health, joy, happiness, love and we have to stop talking about these tough times and how these tough times have been treating us. There was lot of good happening we have to see it like reduction of emission of pollutants, elevation of decarbonization of economy and declining of wastage of eatables in ceremonies.

Welcome speech of the webinar delivered by the Convener/Head of the Post Graduate Department of Zoology, Acharya Brojendra Nath Seal College, Cooch Behar, West Bengal

4. Description of the Webinar:

To address all such spectra of effects, we had experienced and noted personalities from therapeutic and academic arenas who were about to enlighten listeners of the two day-long national level webinar with their priceless understanding and comprehensive outlook:

Dr. Sukumar Basak, Principal, M. J. N. Medical College and Hospital, Cooch Behar, West Bengal addressed the participants in the inaugural session of the two-day National Level Webinar titled "COVID-19: Challenges for Management of Mental Health and Risk Factors".

Dr. Monojit Debnath, Addl. Professor, Department of Human Genetics and Adjunct Faculty, Department of Clinical Neuroscience, National Institute of Mental Health and Neurosciences, Bengaluru spoke on "The Storm and the aftermath of COVID-19: The Bumpy Road ahead for Mental Health and Nirvana". The message delivered to the audience by Dr. Debnath was full inspiration and motivation.

Dr. Prem Rajak, Assistant Professor, Department of Animal Biology, Kazi Nazrul University, Assansol, West Bengal highlighted the environmental and health issues related to "Pesticides as risk factor for compromised immunity and COVID-19". Dr. Rajak presented his topic based on experimental analysis and the contemporary agricultural and environmental hazards caused by pesticides which might lead to reduced immunity threatening to the COVID-19 arose pandemic.

Dr. Romy Biswas, Head, Department of Community Medicine, M. J. N. Medical College and Hospital Cooch Behar, West Bengal emphasised on "Mental Health Issues during COVID-19 Pandemic" which have taken place as an alarming incidence through all ages of people especially among learners of the society in the lockdown days.

Dr. Debasis Das, Psychiatrist, District Mental Health Programme (Hooghly) and Secretary, IMA, Chandernagore, West Bengal discussed "Stress Management in COVID-19 Pandemic". On this topic, a numbers of students and teachers raised their queries. This showed how they tried to combat against their mental pressure and get rid off from stresses caused by COVID-19 pandemic with the help of managerial means at personal and family levels.

5. No. of Participants:

252 (92 In house + 160 External) participants were present and they put forward their questions and views in the webinar.

The webinar ended at the scheduled time with vote of thanks.

AJC Bose Memorial lecture on "ORIGIN OF LIFE" on 22.06.2021**REPORT****A. J. C. BOSE MEMORIAL LECTURE
ON
"ORIGIN OF LIFE"***Organized by***Department of Botany, A. B. N. Seal College, Cooch Behar, West Bengal 736 101**

On 22nd June 2021, Department of Botany, ABN Seal College had arranged AJC Bose Memorial Lecture on "*Origin of Life*". The Speaker of this lecture was Dr. Sudha Gupta, Department of Botany, University of Kalyani. The lecture was arranged in online platform via Google meet from 3 PM to 4.30 PM. Total 154 participants had joined this online lecture given by Dr. Gupta. The main objective of studying the origin and earliest evolution of life, along with the long-term evolution of the Earth's environments, helps us understand why the Earth became habitable and why terrestrial life has persisted for billions of years. Dr. Gupta has lucidly discussed from where we actually being came from, and when and how. Dr. Gupta explains different theories of origin of life and problems associated with it. It has been proposed that by 4.3 billion years ago, Earth may have developed conditions suitable to support life. Some microorganisms thrive in the volcanically active hydrothermal environments like those found today in Iceland, Norway and Yellowstone National Park. The microorganisms that live near such plumes have led some scientists to suggest them as the birthplaces of Earth's first life forms. The recipe of life on earth consists of a steady energy source, organic compounds and water. Lastly, Dr. Gupta remarked that "All lives are priceless gift from nature and thus every life is precious" and give her message to the audience that "be grateful to nature and do respect to all animate and inanimate forms and live your life with a definite purpose".

The students were much enriched with her enormous knowledge and also they gained a lot from this lecture. Some students were very touched with this knowledge that they told Dr. Gupta that they are willing to take this part of lecture as their future life. Brief details of the eminent speaker and nature of participants are given below:

One day International webinar on "Current Trends of Research in Biological Sciences : Cell to System" on 30.06.2021

**Report
One Day INTERNATIONAL WEBINAR
ON**

“CURRENT TRENDS OF RESEARCH IN BIOLOGICAL SCIENCES: CELL TO SYSTEM”

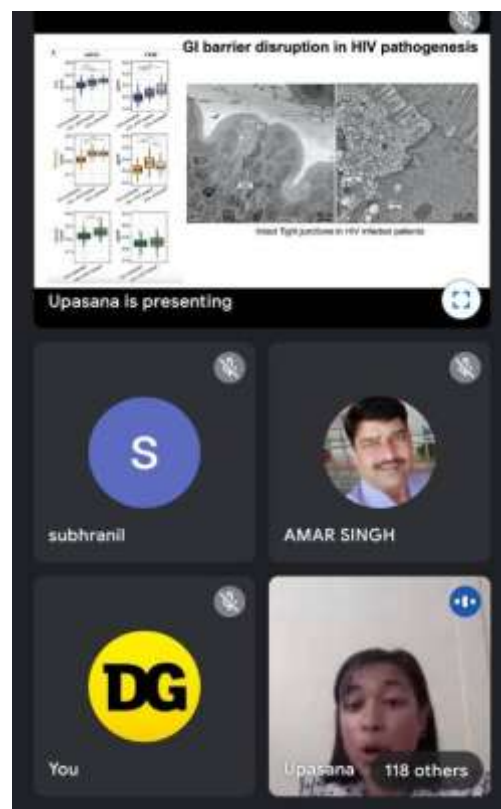

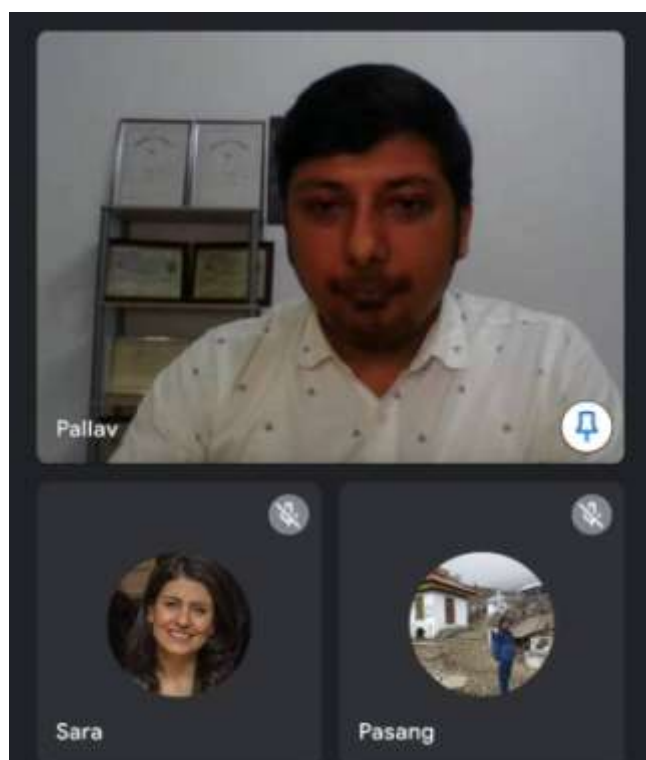

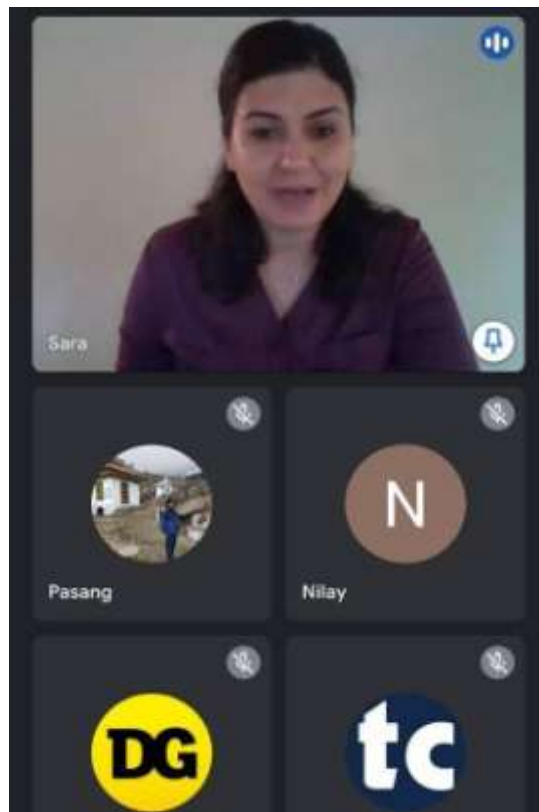

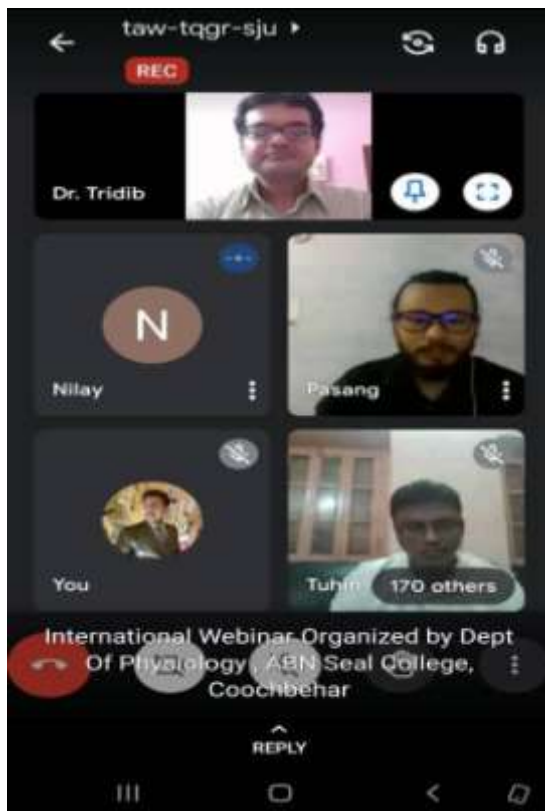

*Organized by
Department of Physiology, A.B.N. Seal College, Cooch Behar*

The Department of Physiology of A.B.N. Seal College jointly organized an International Webinar on “Current Trends of Research in Biological Sciences: Cell to System” on 30th June 2021 on Google Meet Platform from 5 pm onwards (IST). The honourable speakers of the webinar were: **Dr. Sara Behnami**, Postdoctoral Researcher, Dartmouth College, NH, USA, **Dr. Pallav Sengupta**, Senior Lecturer & Research Co-Ordinator, Department of Physiology, Faculty of Medicine, Bioscience and Nursing, MAHSA University, Malaysia and **Dr. Upasana Das Adhikari**, Postdoctoral Fellow, Kwon Lab, Harvard Medical School, Regon Institute of MGH, Harvard & MIT.

The link for Google Meet was open from 4:30pm onwards for smooth joining of the participants. The event started at 5pm with the *Welcome Address* by the *Head of the Department*. This was followed by the *Inaugural Address* by the Respected Principal of our College. It was followed by the scientific session, where one after the other all our respected speakers delivered their valuable lectures. Dr. Sara Behnami delivered lecture on “The power of Molecular Biology Techniques”. This was followed by lecture of Dr. Pallav Sengupta, who spoke on “Covid-19 and Effect on Male Reproductive System”. The final speech was given by Dr. Upasana Das Adhikari, whose topic was “Host-microbiota interaction modeling of the Gastrointestinal tract”. Each lecture was followed by an interactive session of 10 minutes. All the participants were highly satisfied with the entire webinar. There were altogether 364 participants including students and faculty members from other colleges/institutes. The session was closed at 8:15pm after completion of Valedictory session with Vote of Thanks by the Organising Secretary.

Report on One -Day National Webinar on "Contemporary India's Demographic Dividend: Can India Reap this Benefit?" organised by Department of Economics, Acharya Brojendra Nath Seal College, Cooch Behar, West Bengal :736101on 18th June, 2021 (3 pm to 5 pm,)

Title of the Webinar	Contemporary India's Demographic Dividend: Can India Reap this Benefit?
Mode	Online via G-suite
Date	18.06.2021
Time	3 p.m. to 5p.m.
Student Participants	102
Teacher Participants	55

Demographic dividend indicates a period-usually 20-30 years-when fertility rates fall due to significant reductions in child and infant mortality rates. This fall is often accompanied by an extension in average life expectancy that increases the portion of the population of the working age group. This in turn cuts spending on dependents and induces economic growth. As women and families realize that fewer children will die during infancy or childhood, they will begin to have fewer children to reach their desired number of offspring, further reducing the proportion of non-productive dependents.

However, this drop in fertility rates is not instantaneous.. The lag between produces a generational population bulge that surge through society. For a period of time this "bulge" is a burden on society and increases the dependency ratio. Eventually, this group begins to enter the productive labour force. With fertility rates continuing to fall and older generations having shorter life expectancies, the dependency ratio declines dramatically. This dramatic shift initiates the demographic dividend. The family planning programme adopted in 1952 failed to achieve the objectives of small family it was destined to, and population continued to increase in 1960s 70s and 80s exponentially due to the little decrease in the birth rates. This failure of India on the population front and success of other countries now turning into an opportunity for India, often termed as demographic dividend

Thanks to the unsuccessful family planning programme in the 20th century. Here comes India whose working age population will surge to maximum between 2020-2050. India is amongst the youngest nations in the world and even in next 15 years, half of India's population will be below the age of 30. According to the official data, India's labour force, which was 475 million in 2006, is expected to be around 653 million in 2031. According to the Indian Labour Report, 300 million youth would enter the labour force by 2025m and 25% of the world's new workers in the next decade will be Indian because 10 lakh new Indians will join the labour force every month.

In this backdrop, a national level webinar titled 'Contemporary India's Demographic Dividend: Can India Reap this Benefit?' was organized by Department of Economics, A.B.N. Seal College on 18th June, 2021. It was held via G-suite platform, students and faculty members of Economics, faculty members of other Departments and students of other departments attended the webinar. The webinar commenced at 3p.m. Dr.Joyjit Dhar, Head of the Department of Economics welcomed the august gathering and also the distinguished speaker of the day. Revered Principal of the College Dr.Nilay Ray inaugurated the seminar and delivered the inaugural speech. In his inaugural speech, Dr.Ray pointed out the rationale of organizing such webinar lucidly so that the heterogeneous participants can understand and take part in deliberations in the following technical session. At the beginning of the technical session, Dr. Joyjit Dhar introduced the

eminent speaker of the day Dr. Sudip Chakraborty Associate Professor in Economics at Ananda Chandra College, Jalpaiguri. affiliated to North Bengal University, West Bengal, India.

In delivering his lecture Dr. Chakraborty pointed out the mechanisms for growth in demographic dividend, viz. labour supply, increase in savings, human capital and increase in demand. He also focussed in detail the Indian comparative advantage vis-à-vis the international scenario. The aftermath of demographic dividend as received from the experience of the other countries and finally concluded the lecture by articulating the policy implications.

In the end, there was a very good question-answer round which clarified many doubts of the audience regarding India's demographic dividend. The webinar ended at 5 pm with the vote of thanks by Prof. Dilip Kumar Das, Associate Professor of Economics of the Department.

The Department of Political Science, Acharya Brojendra Nath Seal College, Cooch Behar has organized a National level webinar on 28th June, 2021 at 03.00 p.m. on the Google meet platform. The title of the webinar was 'Impact of Covid-19 on Indian Federation'. For this purpose an organizing committee was set up for the smooth conducting of the webinar under the patron ship of Dr. Nilay Ray, Principal, A. B. N. Seal College, Cooch Behar.

The esteemed resource persons were **Dr. Manas Chakraborty**, Senior Fellow of Indian Council of Social Science Research, Emeritus Professor of U.G.C., Former Professor and Head Department of Political Science, University of North Bengal, Darjeeling, West Bengal; **Dr. Gopal Sharma**, Professor & Head, Department of Political Science, Cooch Behar Panchanan Burma University, Cooch Behar, West Bengal and **Dr. Partha Pratim Paul**, Associate Professor, Department of Law, Assam University, Assam, India.

Smt. Shampa Dutta, Assistant Professor, Department of Political Science & Organizing Secretary of the webinar, has hosted the programme nicely. Sri Chandra Sekhar Pandit delivered the welcome address to the honourable resource persons, participants, faculty members, and management staff for joining this webinar. Dr. Nilay Ray, Principal, A. B. N. Seal College, Cooch Behar has delivered the inaugural address. Mr. Animesh Mandal, Assistant Professor, Department of Political Science introduced the resource persons before the audience.

The renowned resource person Dr. Manas Chakraborty has delivered the Keynote address and discussed in detail about the role of federation like India during the Covid-19 pandemic situation. Dr. Gopal Sharma has briefly discussed the situation of covid-19 in India and how the Union and State governments share the responsibility to prevent the situation. We received a good response from the audience and a large number of participants have participated in the question-hour session. Last resource person Dr. Partha Pratim Paul delivered his lecture on 'the Impact of Covid-19 in India: Emergence of Right to Health- A new dimension of Fundamental Rights, jurisprudence and meaningful cooperative federalism'.

A large number of participants took part in the question-hour session jointly handled by Smt. Shampa Dutta and Sri Shyamal Das, Assistant Professor(s), Department of Political Science, A.B.N. Seal College.

At the end of the webinar Smt. Shampa Dutta, Assistant Professor, Department of Political Science, delivered the vote of thanks. She thanked the resource persons, Principal Sir, Co-ordinator IQAC, Secretary Teachers' Council, System Advisor, faculty members, teacher and student participants and other officials and finally the organising committee for their active support for making the programme to be successful.

State level webinar on "Ecosystem Restoration towards Sustainable Society" in collaboration with West Bengal Biodiversity Board, (Department of Environment, Government of West Bengal)" on 05.06.2021

Report on Online Poster Competition on the occasion of World Environment Day, 2021 and State Level Webinar on "Ecosystem Restoration towards Sustainable Society" held on 05. 06. 2021 (3.00 P. M. to 7.05 P. M.) organised by the Environmental Awareness Committee, Acharya Brojendra Nath Seal College, Cooch Behar, West Bengal in Collaboration with the West Bengal Biodiversity Board, (Department of Environment, Government of West Bengal)

1. About the Institution and its Environment Awareness Committee:

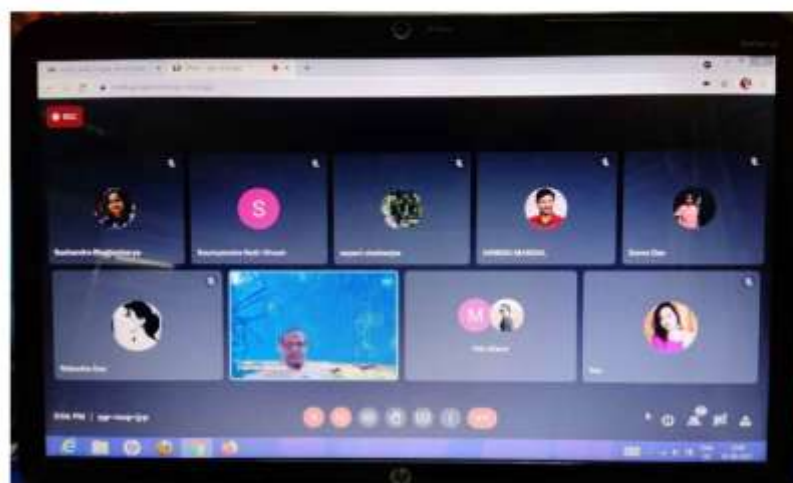

Acharya Brojendra Nath Seal College, a more than century old educational institution in Cooch Behar with all its majestic glory has always tried to be responsive to the ongoing situations, and has organised events such as webinars on issues of general concerns, environment and public health, and in this way, has kept a constant touch with the community tribulations. The year 2021 to celebrate the 'Global Environment Day', the institute and its Environment Awareness Committee had undertaken initiative to not only arrange for an online academic one day state level webinar in prestigious collaboration with the West Bengal Biodiversity Board, whereby distinguished environmentalists unleashed perspectives on the broader theme: 'Ecosystem Restoration towards Sustainable Society' keeping in tune with the United Nations Environment Programme that encouraged to restore ecosystems of the only one Earth during its lockdowns, but also a curtain was raised on a poster making competition which has been organised to mark this occasion, most likely for the first time. This event too has attracted remarkable responses from students of different echelons who are representing their schools, colleges and universities as well.

2. Background:

The years 2020 and 2021 have been the years that we cannot and must not forget - these have been the pandemic-years that have become the biggest story of our times. THE PLANET EARTH has been locked in containment.

Barring lifestyle diseases, no other diseases or infections have ever caught the grip of the globe in the contemporary time—we were in the midst of what was denominated the containment stage in the global protocol to fight against a pandemic like COVID-19. We have witnessed almost helplessly the loss of our dearest ones, a catastrophe where the humans have no answer on how to resist it. This has been a humanitarian crisis which revealed the socio-economic, environmental emergencies as well as highlighted the need for planetary resilience.

But, amidst all misfortunes, the truth is that the show must go on, the existing lives have to go on living.

*Welcome address of the webinar delivered by the Convenor, Environment Awareness Committee
Acharya Brojendra Nath Seal College, Cooch Behar, West Bengal*

3. Objectives:

In an epoch when social distancing was considered to be a probable pathway to keep the deadly virus at a distance, online and virtual modes of academic interactions have become the alternative means of those days, at least in scholastic circles.

4. Description of the Webinar:

To address all nooks and corners of environment, we had experienced and noted personalities from environment and academic arenas who were about to enlighten listeners of the one day-long state level webinar with their priceless understanding and comprehensive outlook:

Dr. Soumyendra Nath Ghosh, Senior Research Officer, West Bengal Biodiversity Board, (Department of Environment, Government of West Bengal) put forward a key note address on inter-dependency of environment and its floral-faunal communities. Dr. Ghosh's lecture galvanised the functional concepts of environment and biotic components.

Dr. Tarit Roy Chowdhury, Professor, School of Environmental Studies, Faculty of Interdisciplinary Studies (Law and Management), Jadavpur University, Kolkata, West Bengal delivered his lecture of arsenic and fluoride poisoning in ground water and its effects on public health systems via potable water and water of household activities.

Dr. Apurba Ratan Ghosh, Professor, Department of Environmental Science, Ex-Director, IQAC & Ex-Director, UGC-ASC, The University of Burdwan, West Bengal has focused on the importance of glaciers against global warming and climate change. His lecture established the menace of glacier melting.

Dr. Pradip Kumar Sikdar, Professor, Indian Institute of Social Welfare and Business Management, College Square West, Kolkata, West Bengal has depicted the issues of unplanned urban development and demographic pressure in urban areas.

4. No. of Participants:**A. Online Poster Competition:****Poster Registration:**

- i. Group A (Students to 9th to 12th Standard): 110
- ii. Group B (Students of Undergraduate courses): 87
- iii. Group C (Students of Postgraduate courses): 26

Poster Received:

- i. Group A (Students to 9th to 12th Standard): 87
- ii. Group B (Students of Undergraduate courses): 39
- iii. Group C (Students of Postgraduate courses): 17

B. Webinar Participation:

225 (104 In house + 121 External) participants were present and they put forward their questions and views in the webinar.

7. Result Declaration of the Online Poster Competition:

The results of all groups of the Online Poster Competition were declared and the winners were allowed to explain his/her/their posters before the end of the webinar.

The webinar ended at the scheduled time with vote of thanks.

Disha-2021 What to study and why for all UG study aspirants to the interactive workshop, June 26-24, 2021

Acharya B N Seal College
Government of West Bengal
P.O.& Dist.: Cooch Behar
Organises

DISHA 2021 (An Initiative for Awareness: Scope and Avenue of General Degree Courses for 12+ Students)

Ki Porbo? Kano Porbo?

The fundamental act of deciding and fulfilling the career aspirations is a great challenge before the students after class 12 (twelve). It has been the most alarming issue in recent Pandemic situation. The proper decision on getting admitted in a **General Degree College Programme** may be quite tricky for both students and their parents. Due to peer pressure, many students end up taking wrong decisions in their careers and get into an uninteresting environment of study. This critical scenario needs to be eradicated. A B N Seal College is aware of and concerned about this issue and has taken various innovative steps to tackle the same.

DISHA 2021 in the tag line of **KI PORBO? KANO PORBO?** provides an ideal platform to the students aspiring for higher studies. This endeavour aims at promoting collaborative excellence between academicians and other professionals for nearby Institutions. Through this virtual platform, an attempt is made to demonstrate the various programmes available at A B N Seal College, Cooch Behar and other activities for holistic education with well-defined pathways for the growth and development of career opportunities.

Registered participants to the events are all stakeholders of this platform. Dignitaries from different in house disciplines and off house colleges and universities will remain present during the event for interaction on various subjects. The event opens up an excellent opportunity for students and guardians as they will have informed choices and taking a decision would be easier for them. Admission procedure, detailed infrastructure and other activities of this institution will be displayed to a large number of youth and guardians visiting the event virtually.

Highlights of the Event:

- To make the students aware of the scope in higher education for all possible subjects beyond the limit of offerings from A B N Seal College, Cooch Behar.
- Information on admission procedure, Course availability, terms and conditions of UG courses of A B N Seal College, Cooch Behar.
- Career Guidance and Counselling (a scientific Process to choose a Career depending on various factors such as students' interest, ability and practical circumstances).
- Information on future Programmes available at A B N Seal College likely addition of courses, Skill & Job Potential Development Courses etc.

Convener: Prof. Debojyoti Dutta, PG Department of Zoology, ABNSC

Organising Secretary: Prof. Mrinal Kanti Basak, TCS, ABNSC

Members: Prof. Chayan Saha, Department of Physics

Prof. Partha Das, Department of Geography

Prof. Suchismita Maity, Department of Physics

Dr. Sutapa Chakraborty, Department of Philosophy

Prof. Arka Acharjee, Department of History

Prof. Amar Sha, Department of Mathematics

Prof. Arpan Roy Pramanik, Department of Bengali

Indrajit Paul, Non-Teaching Staff, ABNSC

Mode: Google Meet Platform (total 250 participants on first come, first serve basis)

Programme Schedule:

Day	D A T E	Time	Activity
D A Y 1	26/06/2021(Saturday)	10 AM-10.30 AM	Joining of Participants
		10.30 AM	Welcome address by Convener, Organising Committee
		10.35 AM-10.45AM	Inaugural address by Dr. Nilay Ray, Principal, ABNSC
		10.45 AM-10.50AM	Message from Coordinator, IQAC, ABNSC
		10.50 AM-10.55AM	Message from Secretary, Teachers' Council, ABNSC
		10.55 AM-11.10AM	Admission Protocol (in brief of A B N Seal College by Convenor, UG Admission Committee, 2021)
		Technical Session-I	Resource Persons Session (10 mins Discussion +5 mins Question & Answer)
		11.10 AM-11.25 AM	Subject-Bengali ; Resource Person-Prof. Ratul Ghosh, Asst. Prof. ABNSC
		11.25 AM-11.40 PM	Subject-English; Resource Person-Prof. Mithun Barman, Asst. Prof. ABNSC
		11.40 AM-11.55 PM	Subject-Sanskrit; Resource Person-Dr. Amrita Ghosh, Asst. Prof. ABNSC
		11.55 AM-12.10 PM	Subject-Philosophy; Resource Person-Prof. Irani Sil, Asst. Prof. ABNSC
		12.10 PM-12.25 PM	Subject-Pol Science; Resource Person-Prof. Shampa Dutta, Asst. Prof. ABNSC
		12.25PM-12.40PM	Subject-History; Resource Person-Prof. Provat Poddar, Asst. Prof. ABNSC
		12.40PM-12.55PM	Subject-Geography; Resource Person-Prof. Partha Das, Asst. Prof. ABNSC
		12.55PM-1.10PM	Subject- Economics; Resource Person-Prof. Kunal Naskar, Asst. Prof. ABNSC
		1.10PM-1.25PM	Subject-Education; Resource Person-Dr. Saghamtra Deb, Assoc.. Prof.
		1.25PM-1.40PM	Subject-Law; Resource Person-Dr. R.D.Dubey, Prof. CBPBU
		1.40PM-1.55PM	Subject-Commerce; Resource Person-Prof. Amit Kundu ; Assoc. Prof. CBPBU
		1.55PM-2.10PM	Brief discussion on ODL course available in ABNSC Resource Person-Prof. Mrinal Kanti Basak, Coordinator, IGNOU, ABNSC
		2.10-2.15 PM	Vote of Thanks- on Behalf of Organising Committee, Dr. Sutapa Chakraborti

Day	D A T E	Time	Activity
D A Y 2	27/06/2021(Sunday)	10 AM-10.30 AM	Joining of Participants
		10.30 AM	Welcome address by Convener, Organising Committee
		10.35 AM-10.45AM	Admission Protocol (in brief of A B N Seal College by Convenor, UG Admission Committee, 2021)
		Technical Session-II	Resource Persons Session (10 mins Discussion +5 mins Question & Answer)
		10.45 AM-11 AM	Subject-Physics ; Resource Person-Dr. Arup Roy, Asst. Prof. ABNSC
		11 AM-11.15 AM	Subject-Chemistry; Resource Person-Prof. Somnath Khanra, Asst. Prof. ABNSC
		11.15 AM-11.30 AM	Subject-Mathematics; Resource Person-Prof.. Amar Sha, Asst. Prof. ABNSC
		11.30 AM-11.45 AM	Subject-Botany; Resource Person-Dr. Aninda Mondal, Asst. Prof. ABNSC
		11.45 AM-12 Noon	Subject-Agriculture; Resource Person-Dr. Biplab Mitra, Asso. Prof. UBKV
		12 Noon-12.15 PM	Subject-Horticulture; Resource Person-Dr.Prodyut Kr. Pal, Dean.UBKV
		12.15 PM-12.30PM	Subject-Zoology; Resource Person-Prof. Satadal Adhikay, Asst. Prof. ABNSC
		12.30 PM-12.45 PM	Subject-Fishery; Resource Person-Dr. Biswajit Goswami, SMS. UBKV
		12.45 PM-1 PM	Subject- Veterinary Sciences; Resource Person-Dr. Nani Gopal Shit, Asst. Prof. UBKV
		1 PM-1.15 PM	Subject- Microbiology; Resource Person-Prof. Samudra Prosad Banik, Asstt.. Prof. MAC
		1.15 PM-1.30 PM	Subject-Physiology; Resource Person-Dr. Tuhin Suvro Mukherjee, Asst. Prof. ABNSC
		1.30 PM-1.35 PM	Vote of Thanks- on Behalf of Organising Committee, Prof. Suchismita Maity.
